

# Newsletter January 2010

## Study Association InterSEction

### New board member

As from today Jeff Maccarella will be joining the InterSEction board. Melisa Asrianti will soon start her graduation project and therefore Jeff will take over as a treasurer.

Jeff is full of ideas for InterSEction, so you'll be sure to hear from him.

What: Evaluation of the Science EDUCATION courses, including lunch  
When: 16th of February, 12:30 h  
Where: To be announced soon

Apply by mail to [miranda@sa-intersection.nl](mailto:miranda@sa-intersection.nl) or visit: <http://www.sa-intersection.nl/?p=382>

### Borrel and dinner 26th of January

After having started a new year, it is soon time to start a new semester. We want to celebrate your first half year (or another half year) as a SEC student. Therefore we want to invite you to come to have drinks with us on January 26th, starting from 17 h. After this we will go out to dinner together.

If you want to join us, please let us know, by emailing to [board@sa-intersection.nl](mailto:board@sa-intersection.nl).

What: Borrel and dinner  
When: 26th of January 2010, from 17h  
Where: D.S.V. Sint Jansbrug, Oude Delft 52 in Delft

### SEC Education Evaluation Lunches

As you probably have noticed, SEC courses are evaluated by the university and by the teachers themselves. This is done by large questionnaires.

Since we have finished another quarter, we would like to invite you to another InterSEction evaluation. We will discuss the courses while enjoying a (free) lunch.

This way, every student will have the chance to give comments on every aspect of the courses that were given during the first period and on the functioning of the teachers. We will gather all your comments into one clearly formulated document per course and give them to the teachers, so they will know how the students think the courses can be improved.

We hope that everybody will join this education evaluation to improve the SEC education. The Science Education evaluation and the Science Communication evaluation will take place at separate dates, to work as efficient as possible.

What: Evaluation of the Science COMMUNICATION courses, including lunch  
When: 9th of February, 12:30 h  
Where: To be announced soon

### Trip to London

As was mentioned before our new board member Jeff is full of ideas. One idea that is being worked out by him and Miranda is that of a trip to London. During this trip we will attend the British Science Association's science communication conference "Audiences for engagement".

The conference takes place on the 24th of May, but of course we also want to have fun in London. We thought about a science communication related excursion to the London Science Museum or/and the BBC studios.

The maximum costs (including conference (1 day), flight and youth hostel) will be around E250,- We are currently searching for financial support through various means, to be able to lower the costs.

Please join us to have fun together and further our science communication knowledge!

Let us know as soon as possible (before the 23rd of January) if you'd like to join or want to know more, so we can start organising everything.

What: Trip to London (Join British Science Communication Conference)  
When: 21-25 May 2010  
Where: London, UK

### Board room

Since this year InterSEction has their own board room (A005). Starting the next semester we will set up a schedule for attendance (that can be found on the door). So you can join us and ask us questions whenever you want.

In our room are also the presents we got from Sinterklaas (some really nice mugs), so please come and collect them.
